

A photograph of an outdoor furniture set by HAY. The set includes a round, dark grey table and three chairs: two in a light yellow-green color and one in a light blue-grey color. They are arranged on a wooden plank deck that extends into a body of water. The scene is lit with soft, natural light, and there are some green plants and rocks on the left side of the frame.

## ÉLÉMENTAIRE

With Élémentaire, Ronan and Erwan Bouroullec set out to create a chair that is both aesthetically and physically balanced with a sustainable profile. Élémentaire uses 100% recycled polypropylene and the latest technology to create an eco-friendly chair that is robust enough to be a long-lasting object while still appearing delicate. Precise proportions and a clear profile give Élémentaire a charm that allows it to stand out on its own or look strong in a group. Designed for everyday life, Élémentaire fulfils basic needs in a balance of beauty and strength. Locally produced in Denmark, its durability and resilience make it suitable for both indoor and outdoor use.
