

Modular sofa DIXON

Dixon is a modern and rounded model, consisting of straight and bean-shaped modules. By combining them freely you can create a fanciful shape: a sofa, a corner sofa, an open circle, a wave or a S-shape.

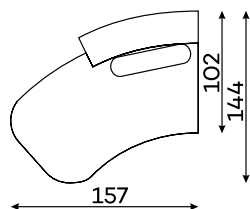

You are only limited by your imagination! This unique feature makes Dixon suitable for a wide variety of rooms. The ergonomic and comfortable design of the backrest and seat perfectly fits the curve of the human body.

Sit height: 45 cm

FABRIC

Dixon is available in different qualities and several colours. Please contact info@artwood.se for more information.

FILLING/FRAME

The seat is made from high-resilience foam that increases the strength and elasticity of the seat, preventing deformation. The loose back cushions are filled with LUX COMFORT, a blend of silicone fluff and feathers. This filling ensures the highest comfort of use.

Beach frame with nozag springs.

MAINTENANCE

Furniture that is placed in direct sunlight risks fading or changing color. Turn pillows regularly. To maintain the shape and appearance of this piece of furniture, it is necessary to regularly puff up and shake the pillows lightly to distribute the filling in the pillow. Vacuum the furniture regularly. Dust and fibers from carpets and decorative pillows as well as hair from pets can cause pimples on the furniture. Treat with a textile impregnation, then the furniture stays nice for a long time and makes it more resistant to stains and dirt. Dry cleaning is recommended.
