Pacifique Exterior Lounge Chair

For the 2026-Season we are proud to present Pacifique Exterior loungechair designed by Michel Buffet.

The Pacifique lounge chair was designed by Michel Buffet in 1954. The chair was originally named 'Relaxation chair' which very well describes the feeling when leaning back into the big embracing lounge chair.

The Pacifique chair was manufactured, displayed and marketed in 1954 as part of a festival of French creation organized by Galeries Lafayette in Paris. The original model was deposited at SPADEM and bought by architect André Wogenscky, assistant architect at Le Corbusier, for his house of Saint Rémy Les Chevreuses in Paris area.

Pacifique Exterior is handcrafted in aluminium and ArtFibre for outdoor use. The aluminum frame is further carefully handpainted to resemble the cozy look of rattan.
